

Making Your Meeting Successful

Programs Available from Terry Brock, CSP

About Terry Brock
Terry L. Brock is an internationally recognized professional speaker and a national columnist for Business Journals around America. This MBA in marketing focuses on the business benefits and not just the technology.

His sessions are packed with useful information and delivered in an entertaining, fun style. He has worked with computers and technology since 1982.

The Internet and technology have changed our world forever. Sorting through the hype is critical for the business-oriented person today. You need to know what the technology can do for you and your people without a lot of mumbo-jumbo and computerese gobble-de-goop!

Terry Brock is a professional speaker and syndicated columnist with business journals around the US. He communicates clearly, effectively and in a fun manner than helps business people *enjoy* the new economy and how they can prosper in it.

Topics Offered Include:

- Thriving in any Marketplace through Technology: Learn how to leverage technology to get a competitive advantage and be your best.
- The Future of the Internet: Find out where we are going and what you can do to prosper .
- Success Mindset for the New Economy: 7 Principles that successful businesses and people need to prosper and succeed in the New Economy
- The right place for technology today: What role technology should and *should not* play in today's successful business.
- Personal skills needed for success in the 21st Century.

In addition to these topics, Terry regularly addresses groups with different needs in various industries. Call and find out how he can tailor each presentation to your specific needs. Terry not only talks about technology, he uses it from state-of-the art video shot on site with your people to the latest happenings in today's world. **This is an experience you don't want to miss!**
